# Three 100 Ninety Safety Shoe

Black (001)

Art nr: 1000968

Monitor Graphic is our new series of featherweight safety shoes for warehouses, industry and light construction. Three 100 Ninety (390) is exactly that, a safety shoe that weighs just 390 grams but still has both an aluminium toecap and Pantzar penetration protection. The upper of this shoe is made of an extremely airy and durable Hypertex material, with a focus on lightness and breathability. Despite its low weight and lightweight look, this shoe has a wide fit. The outsole is made of rubber with an EVA midsole. The insole is Monitor's Pro Support sole, which is made entirely of recycled material from PET bottles. Probably the lightest safety shoe in the world!

## Information
