Product Information

Stokolan® Sensitive PURE

Regenerative skin care cream for extremely sensitive and stressed skin. Suitable for allergy- and eczema skin types.

DESCRIPTION

Stokolan® Sensitive PURE is a perfume-free and colourless skin care cream without preservatives, particularly suited for the treatment of sensitive and allergy-prone skin types. Stokolan® Sensitive PURE supports the skin's natural barrier, promotes skin regeneration and smoothes the skin. The high amount of moisturising elements and skin conditioning ingredients such as the skin's own energy booster creatine supports and strengthens the skin's defence system.

ECARF SEAL OF QUALITY

The European Centre for Allergy Research Foundation (ECARF) awards the ECARF-quality seal to allergy-friendly products. Cosmetics can receive this seal when the following criteria are met:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitisation, taking into account their specified conditions of use and amount
2. Medically supervised clinical trials by volunteers with atopic dermatitis
3. Approved system of quality control management
