CATEGORY III

EXTRA FEATURES

The most advanced glove solution in allergy prevention

DESCRIPTION

- Made of poly-chloroprene, TouchNTuff® is the most technically advanced sterile glove available today.
- Free of latex proteins and accelerators, it minimises both Type I and Type IV allergies associated with natural rubber.
- While TouchNTuff® has the comfort and flexibility of natural rubber gloves, at a similarly competitive price, its neoprene composition offers better chemical resistance. TouchNTuff®: for optimal product and worker protection.
- The TouchNTuff® 73-701 is sterile.
