

Inferno Safety Shoe

Art nr: 1000061

Previous art. nr: 10063201

 Unisex

Monitor presents the new Dynamic series! Monitor Inferno is a new sporty safety shoe made with injection technology. The outsole is made from dual-density polyurethane and the midsole has a Shore hardness of 50 A, which together with Monitor's SS 2.0 insole results in an amazingly comfortable and cushioned shoe, despite its narrow outsole. Inferno's upper is made from breathable fabric and the new Cameleo reflective material, which greatly reflects light.
