## TECHNICAL REPORT

Subject: Overall and specific migration limit testing in accordance with BS EN 1186:2002 and Commission Regulation No. 10/2011 on gloves described as GRIPPAZ (article number 1.44.545.00 M-Safe 306 Nitrile Grippaz gloves).

### Conditions of Issue:

This report may be forwarded to other parties provided that it is not changed in any way. It must not be published, for example by including it in advertisements, without the prior, written permission of SATRA.

Results given in this report refer only to the samples submitted for analysis and tested by SATRA. Comments are for guidance only.

Tests marked  $\neq$  fall outside the UKAS Accreditation Schedule for SATRA. All interpretations of results of such tests and the comments based upon them are outside the scope of UKAS accreditation and are based on current SATRA knowledge.

**A satisfactory test report in no way implies that the product tested is approved by SATRA and no warranty is given as to the performance of the product tested. SATRA shall not be liable for any subsequent loss or damage incurred by the client as a result of information supplied in the report.**

Please note uncertainty of measurement has not been applied to the results in this report. SATRA uncertainty of measurement values are available on request.

**WORK REQUESTED:**

Samples of gloves described as GRIPPAZ (article number 1.44.545.00 M-Safe 306 Nitrile Grippaz gloves) were received on the 3<sup>rd</sup> January 2017 for assessment in accordance with the overall and specific migration limit requirements of Commission Regulation No. 10/2011.

Samples were originally received and tested under SATRA reference CHM0253463/1702/EN/A issued on the 16<sup>th</sup> February 2017.

**CONCLUSIONS:**

When tested in accordance with BS EN 1186-9: 2002 the gloves described as Grippaz fish scale nitrile gloves were found to meet with the overall migration limit requirements when assessed against 10% ethanol and 20% ethanol for 2 hours at 40°C.

When tested in accordance with BS EN 1186-9: 2002 the gloves described as Grippaz fish scale nitrile gloves were found to meet with the overall migration limit requirements when assessed against 3% acetic acid and 50% ethanol for 30 minutes at 40°C.

The gloves described as Grippaz fish scale nitrile gloves were found to meet with the overall migration requirements in Commission Regulation (EU) No 10/2011, Annex II when tested in sunflower oil for 30 minutes at 40°C.

The gloves described as Grippaz fish scale nitrile gloves were found to meet with the specific migration limit for metal requirements in Commission Regulation (EU) No 10/2011, Annex II after extraction in 3% acetic acid for 2 hours at 40°C.

Results are given in the following tables.

**TESTING REQUIRED:**

- BS EN 1186 part 9: 2002 Materials and articles in contact with foodstuffs – Plastics Test methods for overall migration into aqueous food simulants by article filling (modified)
  - 10% Ethanol (simulant A Commission Regulation No. 10/2011) for 2 hours at 40°C
  - 3% Acetic Acid (simulant B in Commission Regulation No. 10/2011) for 30 minutes at 40°C
  - 20% Ethanol (simulant C in Commission Regulation No. 10/2011) for 2 hours at 40°C
  - 50% Ethanol (simulant D1 in Commission Regulation No. 10/2011) for 30 minutes at 40°C
- ≠BS EN 1186-2:2002. Materials and articles in contact with foodstuffs. Plastics. Test methods for overall migration into olive oil by total immersion (in accordance with SATRA SOP CAT-035 issue 1\*) for 30 minutes at 40°C.
- ≠SATRA SOP CAT-015 – Migration of metal elements (Ba, Co, Cu, Fe, Li, Mn, Zn) into food simulants. Quantification by ICP- OES. Extraction in 3% acetic acid for 2 hours at 40°C

\*Note: Sunflower oil was used as an alternative to rectified olive oil – “reference simulant D”. The sunflower oil used meets with the requirements for “simulant D2” fatty acid distribution given in Commission Regulation (EU) No. 10/2011 Annex III, Table 1 and has characteristics in accordance with those specified in Annex A of BS EN 1186-1:2002.

## RESULTS AND REQUIREMENTS:

### Migration into aqueous food simulants by article filling (modified)

The gloves were assessed by reversing the gloves to form a pouch and filling with each simulant. The surface area of each glove was calculated by determining the density of the glove, weighing the part of the glove that was in contact with the simulant and calculating the area assuming a homogeneous material.

## TERMS AND CONDITIONS OF BUSINESS

1. GENERAL

Work done or services undertaken are subject to the terms and conditions detailed below and all other conditions, warranties and representations, expressed or implied are hereby excluded.

2. PRICES

Prices are based on current material and production costs, exchange rates, duty and freight and are subject to change without notice.

3. DELIVERY ESTIMATES

Delivery estimates are made in good faith and date from receipt of a written order and full information to enable us to proceed. While SATRA or its subsidiaries (hereafter referred to as "SATRA") make every effort to fulfil them, such estimates are subject to unforeseen events and if not maintained, cannot give rise to any claim. Offers "ex stock" are subject to prior sale.

4. CANCELLATION AND RETURNS

Cancellation of orders for goods, services, training or consultancy is only acceptable by prior agreement of SATRA and a charge will normally be made.

5. CLAIMS

Claims for errors, shortages etc should be notified within 10 days of date of receipt. In the event of goods damaged in transit, packing materials should be retained for examination; otherwise no liability can be accepted.

6. PAYMENT TERMS

Payment terms are net 21 days from date of invoice. Failure to comply with the terms of payment may result in delayed delivery of goods and services and a review of the Customer's credit account. Should the customer become subject to an administration order, or becomes bankrupt or goes into liquidation, SATRA has a right to cancel any contract and discontinue any work. SATRA reserves the right to adjust US Dollar and Euro sales price where customer exceeds credit terms and where the exchange rate has moved more than 10% since invoicing.

7. RETENTION OF TITLE

All goods remain the property of SATRA until paid in full. Under no circumstances will a customer's purchase order override SATRA's Retention of Title clause. In the case of software, the ownership of the software remains with SATRA. Payment of invoices in full will entitle the customer to use the software under licence until (a) they cease to be a member of SATRA or (b) they cease trading. In both instances, the licence shall then revert to SATRA.

8. GUARANTEE

All goods manufactured by SATRA are guaranteed both as regards material and workmanship. Any part returned carriage paid, within twelve months from date of supply and found defective, will be repaired or replaced at SATRA's option free of charge. SATRA admits no liability for loss, damage or delay consequent on any defect in any goods supplied by SATRA.

9. TEST REPORTS

Results given in test reports refer only to samples submitted for analysis and tested by SATRA. A satisfactory test report in no way implies that the product tested is approved by SATRA and no warranty is given as to the performance of the product tested. SATRA shall not be liable for any subsequent loss or damage incurred by the Customer as a result of information supplied in a test report.

10. TEST SAMPLES

Unless otherwise agreed in advance, test samples will be disposed of 6 weeks after the date of the final report. If required, samples can be returned at the Customer's expense.

11. RESPONSIBILITY

Every effort is made to ensure accuracy in description, drawings and other information in correspondence, catalogues, etc but no warranty is given in this respect and SATRA shall not be liable for any error therein. SATRA carries out all tests and/or advises only on the basis that the same are carried out, made or given without any responsibility whether for negligence or otherwise. SATRA and its servants or agents will not be liable for any damage or loss direct or indirect of whatsoever kind, whether or not the same results directly or indirectly from negligence on the part of SATRA or its servants or agents.

12. CONFIDENTIALITY

Unless specifically excluded in the terms of an individual contract between SATRA and its Customer, the following shall apply to all reports, advice, drawings, photographs, specifications or data:

- i. The above shall not be disclosed to third parties or used in litigation without the consent of SATRA.
- ii. Where SATRA has given consent to disclosure, the Customer shall draw the attention of the third party to these terms of business and the basis on which SATRA undertakes test, reporting and advising. The Customer shall indemnify SATRA for any failure to do so.
- iii. The above items are submitted to the Customer as confidential documents. Confidentiality shall continue to apply after completion of the business, but shall cease to apply to information or knowledge which may come into the public domain.

13. CONSTRUCTION AND ARBITRATION

The laws of England shall govern all contracts and the parties submit to exclusive jurisdiction of the courts of England, unless otherwise agreed.
